

Thyroid Disease and You... Concerned about low energy?...Memory loss?...Fatigue?...Depression?
...Rapid heartbeat?...Restlessness?...Infertility?... Weight or hair changes?...A lump in your neck?...
Could it be your thyroid?

The American Thyroid Association and our Alliance Partners
Invite Thyroid Patients and their Families to join us for the

2017 ATA Annual Alliance for Patient Education Public Health Forum:

Saturday, October 21, 2017

2:00 pm – 4:00 pm

The Fairmont Empress, Shaughnessy Room

721 Government St

Victoria, BC, Canada V8W 1W5

For directions, please call: 1-250-384-8111

Endocrinologists and Thyroid Patient Support Groups will be available to meet with thyroid patients during the forum. This program is free and all are welcome, for more information and to confirm your participation, please e-mail thyroid@thyroid.org

Who should attend?

Anyone who has had the symptoms listed above or has been diagnosed with an overactive or underactive thyroid, thyroiditis, a thyroid nodule, thyroid cancer, or has a family history of thyroid problems or related disorders.

Reservations requested, walk-ins welcome! Please come if you have questions, symptoms, or concerns about a thyroid problem. Receive free educational materials. More information about thyroid disease and thyroid cancer is available at www.thyroid.org. Join Friends of the ATA and receive news of the latest thyroid research.
